The Owl Who Was Afraid of the Dark by Jill Tomlinson

This book follows Plop the baby owl, an unusual night bird - he's afraid of the dark - and the little adventures he goes on in order to overcome his fear of darkness. Plop is pushed by his mom to go talk to people about the darkness - such as the old lady, the girl, or the boy I was surprised by how invested I was in this book, even though it's a children's story.

The owl is afraid of the dark and wants to be a day bird. But then he meets a number of animals and people that share with him the excitement of night time and out his fears to rest. I only took off one star because the story about the old lady using night to remember her past was very saddening to me. I may skip reading that part to children because I do not think they will connect to it.
